ANNUAL REUNION OF CIVIL WAR VETERANS TO BE HELD SEPT. 24

Secretary of 10th Kentucky Cavalry and 16th Kentucky Infantry Association Announces Annual Meeting in This City in September.

The first announcement of the annual reunion of the Civil War Veterans of this section of Kentucky, was received in Maysville Tuesday from Mrs. G. W. Hook, of Peebles, Ohio, Secretary of the Association. The meeting will be held this year at Beechwood Park in this city on September 24. As usual the meeting will be an all day affair and while the program has not been arranged as yet, it is understood that a very attractive program will be arranged.

Special interest will be taken in this meeting of the veterans as it is the first meeting since peace came in the great World War. The last meeting was a very enthusiastic one and it is expected that at the meeting to be held this year representation from the American Legion, will be present. The younger heroes of the world war will attend as honored guests of the old guards and some of these youngsters will probably be on the program to tell the old soldiers something of their experiences in Europe under the Stars and Stripes.

The ranks of the old 10th and 16th Kentucky are rapidly thinning until there are now very few of the old boys left but as many as can possibly be here for the reunion will have a good time, as usual and enjoy their annual getting together.

The Secretary is now preparing to mail post cards to all members of the organization acquainting them with the time of the 1919 meeting and a good attendance of sons and daughters of the veterans is expected.

KENTUCKY METHODIST CONFERENCE AT LOUISVILLE

The Kentucky annual Methodist Conference will be held this year at Trinity M. E. Church in Louisville beginning October 1. So far as now known there will not be a single change in pastors in the Ashland-Maysville district.

Mr. Louis Willett, formerly a Maysville boy, now of Cincinnati, and who has just recently been discharged service in Uncle Sam's army, is here shaking hands with old friends.

Mr. and Mrs. Mace Humphrey are spending their vacation in Chicago with friends and relatives.

CORONER'S JURY FAILS TO FIX BLAME FOR ACCIDENT

Eye Witnesses Say That Men Killed in Accident at Dam Monday Were Warned They Were in a "Death Trap."

Coroner Thomas F. Higgins and a jury made a careful investigation into the cause of the death of Edward N. Piper and C. Victor Emmons at the Court House Monday evening but in the findings of the jury there was no cause for the accident named and no responsibility fixed.

Six witnesses were heard and all of the men, who were eye witnesses to the fatal accident, told practically the same story. Their story was practically the same as published in yesterday's issue of the Public Ledger except that several of the witnesses said that they saw the timberers were about to fall and trap the men and they warned the workers to get out as they were in a "death trap." Despite this warning the men continued at work, however, and were crushed to death. Who removed the support or "jack" which caused the high and heavy timber to fall, yet remains a mystery.

The jury was out but a few minutes when they returned a verdict which simply stated that the two men met their death in an accident at Dam 33 in Mason county.

PUMP EXPERT LOOKS OVER LOCAL WATER SITUATION

Engineer W. L. Glazier, of Newport, who was here Monday to look over the local Water Works situation with a view of making a report to the special Water Works committee of City Council, brought along with him a water pump expert from Cincinnati who will give Mr. Glazier much information in figuring on the value of the present water system and the probable cost of installing a complete new municipal owned system here.

KIDDIES ARE INTERESTED IN MORNING MEETINGS

The Junior Chautauqua activities in the morning at Beechwood Park are certainly quite interesting as the children are very anxious to be on hand every morning. Junior Town has been organized and all officials have been chosen. The Junior leader is planning some big things for the children before the end of the week.

FOR SALE

My home place in Maysville, Ky. Location, conveniences and surroundings cannot be beaten. The greatest bargain on the market. See me at my office on Court street.

W. W. BALL.

FRENCH HERO IS BIG ATTRACTION ON TO- DAY'S PROGRAM

Opening Day's Program Thought By Many to Have Been Best First Day Yet—Red Cross Nurse and French Hero Big Attractions Today.

Maysville's 1919 Chautauqua got a running start for the week on Monday with what many thought was the best first day's program of any chautauqua ever given in Maysville.

The Old Home Singers gave a very delightful entertainment in the afternoon and their prelude at the evening hour was indeed entertaining. The quartet of vocalists were musicians of the highest type while the pianist was wonderfully good. Her instrumental solos will long be remembered by the lovers of music.

Dr. James L. Gordon, pastor of the First Congregational church of Washington City, the evening lecturer, gave one of the best up-lift addresses ever heard here. From the very first sentence he uttered he had his large audience with him and he held them through his entire talk. His address was on Success and in such a short time he said so many real good things that it would be difficult to select his best. His lecture was the sort that will do one good in years to come. Many of the very impressive things he said may not come to one's memory just now but there is no doubt but that many of his expressions will come up to one's mind as food for thought long after the chautauqua has closed. This is one of the best things about a good chautauqua—that it gives you something to think about for months and years.

Dr. Gordon is an orator of great ability and an original thinker such as is benefited by hearing. His best recommendation is that those who heard him could have listened to him for an hour longer and 99 per cent. of his audience would go back to the park again this evening to hear him again.

Today's program is filled with good things. In the afternoon there will be a concert by the Charles Edward Clarke Company. Mr. Clarke, his wife and a talented pianist and following this concert, Mrs. Pirle Boyea, famous Red Cross Nurse, one of the ten original nurses on the battlefields of France representing the American Red Cross, will deliver her famous lecture on "Keeping the Home Town Healthy."

At 8 o'clock Tuesday evening the Charles Edward Clarke Company will give a musical prelude and Lieutenant Jean A. Plead, famous French hero, will lecture on "The Rebuilding of France" and will answer any and all questions in regard to his home land. Lieut. Picard is one of the headliners of the 1919 chautauqua.

Superintendent Alberty and the crew made a good impression on Maysville Monday and there is every reason to believe that the chautauqua will move along nicely all during the week.

PLANNING FOR EWING FAIR

The big Ewing Fair will open Thursday of this week and a large number of Maysville and Mason county people are planning to attend. The Mason County Poultry Association will have charge of the Poultry show at this fair and the officers of this association plan a splendid showing of fowl.

FIRST CLASS JOB

Street Commissioner Ben Smith and his force of assistants are today completing their work of flooring Limestone bridge. This is one of the best jobs that has ever been done on this bridge and with careful driving over this bridge by heavy machines and wagons, the floor will last for some time.

ACCIDENT VICTIM TO BE BURIED WEDNESDAY

The funeral of C. Victor Emmons, one of the men who met death in an accident at Dam 33 Monday forenoon, will be held from Bethany church near Springdale Wednesday morning at 10 o'clock and burial will be made at Bethany.

Mr. and Mrs. John McChord, of Limestone street, are rejoicing over the arrival of a fine new baby son, who came to them early Tuesday morning.

WANTED

Young lady, over 16 years old to do office work. Apply at once.

16-1f THE MODERN LAUNDRY CO.

Miss Amy King, the efficient Secretary to County Judge Purnell, has returned home after spending her vacation with friends in Newport.

Miss Julia Lee Thomas of East Maysville is visiting her grandmother this week at Orangeburg.

MANY PLACING ORDERS FOR GOVERNMENT FOODSTUFFS

Maysville and Mason County People Seeing Great Savings in Government Sold Foods Crowd Post Office Building.

Since the announcement that first zone parcel post rates would be charged on the army food sold by the government instead of third zone rates from Chicago, which was first announced, has been made, there has been quite a rush at the local post office of persons anxious to place their orders for food stuffs before the supply allotted to the local post office has been exhausted.

Those in charge at the post office announce that already some of the foods have been exhausted but there is yet much left which has been allotted to this post office. As the sale must close Wednesday evening, those who want to take advantage of this offering, should act and act very quickly.

The post office authorities have made it very easy for one to understand the proposition and the cost of the foods. The postage has been calculated and added to the net cost of the food at Chicago so that the actual cost of a case of any food laid down at your home by the parcel post delivery wagon can be ascertained at the post office.

Remember that the sale closes Wednesday, that food is sold only to consumers and that it is sold only in original packages. Many neighbors have clubbed together purchasing several cases of various articles.

SUCCESSFUL REVIVAL CLOSED SUNDAY

One of the most successful revivals held in this section of the country was closed Sunday night in a barn on the John Owens farm at Abigail near Germantown. A mission has been established at Abigail by the Two Lick Baptist church and the pastor of that church, Rev. J. A. Davis, was assisted in the meeting by Rev. Ben Miller, pastor of the Aberdeen Baptist church, who preached some very strong sermons during the series. The attendance was unusually good, there being more than 600 crowded into and around the barn on Sunday evening.

MISSION BOARD MEETS HERE ON FRIDAY

The District Mission Board of the Bracken Association of Baptists will meet at the First Baptist church in this city on next Friday for an all day's session. Representatives from all of the 30 churches in this district association will be present. This is the first meeting of the board for the association year and at this meeting assistance will be given the mission churches of the district for the year.

DOVER COMPLETES CLUB ORGANIZATION WEDNESDAY

Another very important meeting of the people of the Dover community will be held in the town hall there Wednesday evening at 8 o'clock when the organization of a Dover Community Club will be completed. All those in the Dover community interested in such an organization are invited and urged to be present.

STANLEY MITCHELL IS GET- TING ALONG NICELY TODAY

Mr. Stanley Mitchell, of the East end, who was only slightly injured in the accident at Dam 33 Monday, is reported much improved today. No serious developments have appeared and he is not considered at all dangerously hurt. His complete recovery is expected in a very short time.

CITY CUT OFF FROM SUPPLY OF WATER IN THE RESERVOIR

Six Feet and Four Inches of Water Being Held in Reservoirs For Fire Protection—Water Now Coming Direct From River Into Mains.

Maysville faced another very serious water situation this morning and for a time it looked as though we were about to be in the same condition we were a few weeks ago but the prompt action of Mayor Thomas M. Russell and Fire Chief Ruliff Newell saved the city from being at the mercy of fires.

The failure of the pumps at the pumping station to force enough water to the reservoir to meet the demand and still retain a good supply for use in case of fire, was first noticed Monday night and on Tuesday morning the water in the reservoirs had dropped until there was left there but 6 feet and 4 inches. As soon as this was discovered the city officials ordered the Water Company to shut the city off the reservoir supply. They let the Water Company know that they expected at all times in the future to keep enough water in the reservoir to protect the city from a bad fire.

Immediately upon the issuance of these orders, the Water Company shut off the reservoir valve and began pumping water direct into the city mains from the river leaving the six feet and four inches of water in the reservoirs for fire protection. A telephone has been installed at the reservoir connecting it directly with the Maysville Fire Department and a man has been stationed at the reservoir ready to answer the telephone at any time day or night so that in case of a serious fire the water from the reservoirs can be let out into the mains to care for any blaze. Fire Chief Newell this afternoon said that the supply of water on the hill was sufficient to care for a fire of large size and he further stated that he would insist in the future upon the company at all times protecting the city against fire by shutting off the supply to the homes of the city just as soon as the supply in the reservoir reached anything near 6 feet.

The Maysville Water Company now has experts at work on their pumps at the pumping station and they hope to have things in good working order again in a very short time. Until conditions are so that the reservoir can

again be filled to a depth sufficient to warrant the release of water into the mains, one pump will be kept working at pumping water direct into the mains so that there is little danger of a serious water famine unless all of the pumps at the pumping station get out of commission as they did a couple of weeks ago.

Mayor Thomas M. Russell was in telephone communication with the Director of Public Safety of the City of Cincinnati this afternoon in regard to renting two of their large fire pumping engines to be kept on hand until the water situation is cleared up and to be used in case of necessity. Some point out that should there be such a fire as to require the emptying of the reservoir the city would again be at the mercy of fire and that if these pumping engines are available, they should be rented or borrowed from Cincinnati and be kept here for an emergency during the present very serious condition and until the water situation is entirely cleared up and something lasting has been done toward relieving the situation which seems will give the city trouble for some months as long as nothing lasting is done.

COUNCIL MEETS

Realizing the seriousness of the situation, Mayor Thomas M. Russell called a special meeting of City Council at three o'clock this afternoon and ten members were present.

After stating the situation clearly that the city was practically without fire protection as soon as the reservoirs were emptied and that the reservoirs were now leaking rapidly Mayor Russell asked that council take some action. Council voted unanimously to leave the matter entirely in the hands of the Mayor with full power to act in the matter and he will order two fire engines from Cincinnati tonight. It is also expected that City Attorney Daly will need assistance in this case and the Mayor was authorized to employ assistance. It is more than likely that former City Attorney John M. Calhoun will be employed as Assistant City Attorney immediately.

Monday was Squire Fred W. Bauer's regular monthly court day and he transacted much important business during the day.

FALL FROM STONE WALL MAY PROVE FATAL TO LITTLE GIRL

Frances Gallenstein, Five Year Old Daughter of Mr. and Mrs. Henry Gallenstein Falls From High Wall and Receives Serious Injuries.

Frances, the bright little five year old daughter of Mr. and Mrs. Henry Gallenstein, of West Third street, fell from the top of an eight foot wall in the back yard of their home this morning striking on her head and suffering serious injuries which may prove fatal to the little girl.

Physicians were called immediately upon the occurrence of the accident when the little girl lapsed into convulsions and she has remained unconscious since that time. Dr. J. H. Samuel upon investigating announced that the little girl was probably suffering from concussion of the brain which may prove fatal. However, this afternoon he had much hopes for her recovery despite the fact that she remains unconscious. The little girl is a bundle of nerves and may come out all right in a short time.

WILL WHISTLE AT CINCINNATI ZOO

The following is from the Middletown (O.) Journal. Miss McClellan is well and favorable known in Maysville:

Miss Lulu McClellan will be both pupil and teacher at the Zoo this week. Miss McClellan has made a specialty of bird songs and her whistling numbers will be added to the les show program each day.

While at the Zoo, she will employ her spare time studying the thousands of birds there, to add to her repertoire. Miss McClellan was one of the attractions at the Red Cross fete given some time ago on the lawn at the Losantville club and her appearance at the Zoo will be of much interest to Cincinnatians.

RAILROAD ENGINE SETS HAY STACKS AFIRE

Four large hay stacks on the Williams farm just above Summit station in this county, caught fire from sparks from a passing L. & N. engine late Monday evening and were burned to the ground.

PROD FROM ABROAD

If President Wilson determines upon punitive action towards Mexico it will be because England and France have demanded it.

A recent dispatch from Washington to the Democratic New York Times contains some remarkable information. It was stated positively by the Times' Washington correspondent that the President soon would address Congress on Mexican affairs, and then came this startling assertion: "The statement was added that in dealing with the Mexican situation from this time the United States government would act not for itself alone, but also for Great Britain and France." The sources at the national capital from which the Times gleams its news are usually reliable, and it is more than probable that the above quotation correctly represents present government policy.

What has occurred to bring about this sudden abandonment of "watchful waiting"? Has the President received an unmistakable hint from England and France that we must get busy and straighten out affairs to the south, or they will take matters into their own hands? Under the league of nations any country, provided it receives the sanction of the league, can proceed into Mexico and compel protection for its citizens. The Monroe Doctrine, when it comes into conflict with the provisions of the league covenant is not worth the paper it is written upon. The President is an intelligent man, and is well aware of the fact unless we assume reciprocal responsibilities under the doctrine, we can not hope to prevent European interference in accordance with the terms of the league.

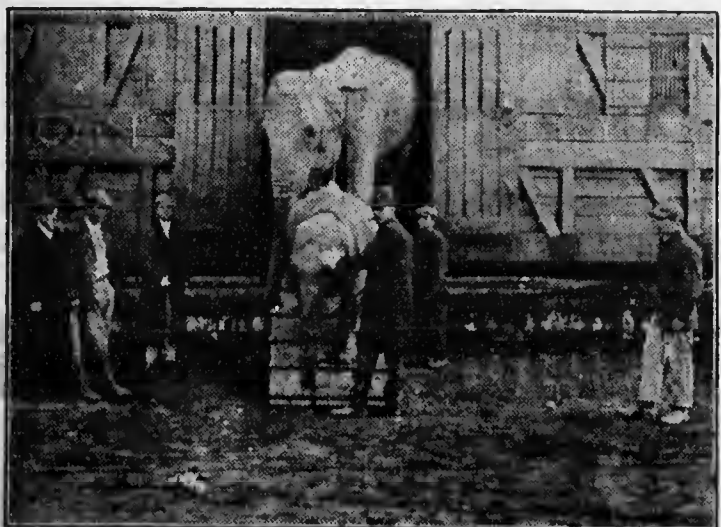

But how disgraceful and disgusting has been the history of our relations with Mexico! Americans by the hundreds have been killed, scores of them lined up and murdered in cold blood, and tens of millions of American property destroyed. Our border towns have been invaded and peaceful citizens shot down. The expedition that was sent into Mexico was a fiasco from start to finish. The Washington authorities permitted almost a whole company of our troops to be surrounded and annihilated, and then prevented General Pershing from taking effective action against their enemies. Nothing that the Mexicans might do by way of insult to our country, our flag and our citizens has been sufficient to arouse the Wilson administration to action.

But now everything is changed. However resentfully indignant American citizens may have been over the Mexican policy of our government it has needed the stimulating suggestion of the President's friends in England and France to galvanize him into action. Utterly regardless of the demands of his own countrymen he is sensitive to a degree to an intimation from his colleagues in world government. We are now to see the result, and the Times tells us that intervention "may be a matter of months, if not weeks."

HARDLY

If the people of Shantung finally gain their independence of Japan, will they thank President Wilson and his satellites in the Senate who demanded ratification of the treaty without delay and without amendments, or reservations?

Representative Blanton, Democrat, of Texas, who moved that Woodrow Wilson be given the rank of Czar, talks like a man who had fallen down on some postoffice appointment.—Indianapolis Star.

OLDEST ELEPHANT IN WORLD COMING TO MARYVILLE

"Betty", leader of the herd of fifteen elephants with John Robinson's circus, which comes to Marysville Tuesday, August 26th, the oldest elephant in the world, in captivity. She is 109 and promises to live another half century.
This elephant was the first the Robinson family ever owned and long before the Civil War she visited Marysville with the show. In those days she walked from town to town. Now she has a private car with the other elephants of the herd. In the picture "Betty" is shown following one of the smaller and younger elephants from the car.

CRISIS IN MEXICAN SITUATION SEEMS NEAR JUST NOW

Ransom Demanded For U. S. Airliners Will Be Given to Mexican Bandits Holding Filers.

El Paso, Texas, August 18.—Fifteen thousand dollars ransom was to be sent today for the release of Lieutenants Paul H. Davis and Harold G. Peterson, American aviators, held by Mexican bandits opposite the "Big Bend District." The aviators were threatened with death unless the money was paid today.

The aviators were captured by Mexican bandits on landing near the border Sunday, August 10. The fliers sent letters of their plight. The money was ordered to be paid to Dawkins Kilpatrick, a storekeeper at Candelaria.

Kilpatrick received a later message from a Villista bandit that the American prisoners would be murdered if the American commander sent any expedition after the bandits. This consideration was the only thing restraining American cowboys from taking up the chase after the Mexicans.

Washington, August 18.—Two new problems affecting relations between the United States and Mexico were before this government today.

The more important was the report from the border of the kidnapping of two army aviators by Mexican bandits who are said to be holding them for a \$15,000 ransom.

The other was the ousting from Mexico City of the sole remaining representative of the British government.

Both developments came on the heels of a note to Carranza, warning of a "radical change" in the policy toward Mexico unless safety was assured American citizens.

Immediately following publication of that note and Mexico's answer, if it becomes necessary to act on the warning, withdrawal of support of the Carranza government probably will be the first step.

Officials were silent today on whether the two new developments in the Mexican situation are considered of sufficient gravity to act on the warning given Carranza.

The holding of the two aviators by bandits is taken here as further proof of Carranza's lack of control over many sections of his country.

YOUR RED CROSS IS STILL BUSY — READ WHAT YOUR DOLLAR IS DOING

Red Cross campaign for members and money will be concentrated in eight days this fall, November 3 to 11. The funds will be used to carry to a conclusion the war program of the organization and to promote its peace time plans.

The American Red Cross expended \$107,716,348 for work at home and abroad during the fiscal year ending June 30. Of this amount \$59,788,672 was for foreign relief, \$7,688,856 for work in the United States and \$4,945,867 for aid in various countries specified by contributors. \$26,286,000 was set aside for working capital.

Instruction in Life Saving will be taught by the Red Cross in cities and towns bordering on bodies of water. This will be a supplement to the regular classes in First Aid given thru the department of Military Relief.

A special monthly bulletin telling of Junior Red Cross affairs throughout the world will make its appearance in September and will be sent to every school teacher whose pupils form a Junior auxiliary.

Mackenzie R. Todd will be campaign manager for the Red Cross "Third Roll Call" in Ohio, Indiana and Kentucky from November 3 to 11. \$15,000,000 is being sought besides 1929 membership.

Banks run with Red Cross co-operation at Camp Taylor (Ky.) and Camp Sherman (O.) are finding hundreds of depositors among the soldiers who realize the advantages of carrying a check book rather than run the risk of being robbed of their "little pile" before they are home again.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine. Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts thru the Blood on the Mucous surfaces, expelling the Poison from the Blood and healing the diseased portions.

After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Medicine at once and get rid of catarrh. Send for testimonials from: F. J. CHENEY & CO., Toledo, Ohio.

ENGINEERS ASKS BIG SALARY INCREASE

Many Demands in Latest Petition Just Filed By Locomotive Engineers.

Cleveland, August 18.—Increase in wages averaging 50 per cent. and installation of automatic stokers, coal passers, grate shakers and door openers are provided in a new wage scale report in the hands of representatives of the Brotherhood of Locomotive Firemen and Engineers here today.

The demands will be presented to Walker D. Hines, director general of railroads, as soon as the draft is rewritten, according to Timothy Shea, president.

It will cost the railroads of the United States and Canada \$200,000,000 to install the automatic devices demanded, delegates estimated, while the annual increase in operating expenses entailed by the wage demands was placed at \$70,000,000.

The committee which formulated the demands will ask for two firemen on each engine weighing 1700 tons or more until such time as automatic appliances are installed. Of the estimated 40,000 locomotives of that weight not more than 5000 are equipped with mechanical appliances, the delegates said.

Shea said the proposed wage increase would hardly meet pre-war conditions.

GUARDS FATALLY WOUND MAN WHO THREATENED RICH WIDOW

Ashland, Ky., August 18.—Guns early Sunday shot and fatally wounded a man who gave the name of Chas. Hammond, of Hanging Rock, Ohio, as he was approaching the home of Mrs. S. P. Fetter, formerly Mrs. John C. Mayo. The guards had been posted after Mrs. Fetter had received a letter demanding that \$10,000 be placed in a designated spot on pain of having her home destroyed. They said Hammond refused to obey commands to halt. He died at a hospital within an hour.

\$100,000 PAID FOR 400 ACRE JESSAMINE FARM

An average of \$250 an acre was paid for a farm of 400 acres, located five miles from Nicholasville on the Danville pike, sold Saturday by S. Well, of Lexington, and Tom Duckworth, of Jessamine county, to Walter Harris of Nicholasville, for \$100,000. A. C. Dunn of Lexington, real estate dealer, made the sale.

The property is all Blue Grass land and contains several dwellings and other improvements, including silos and farm buildings.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI
The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

DOES THIS EXPLAIN WHY LIVING COST IS SO HIGH?

(E. C. Rodgers in Joliet News-Herald)

It is admitted that high wages increase the cost of living for everyone, for high wages mean higher prices than low wages. But high wages are not solely responsible for the present higher-than-ever cost of living. They are not responsible for as much as 50 per cent. of the price increase within the past three years.

Who and what, then, is responsible for the larger slice of the increase?

Profiteers and their profits!

Says Basil M. Manly, joint chairman, National War Labor Board:

"There has been outrageous profiteering in almost every line of commercial activity."

And he goes on to say:

"The American people are in much the same position as the man who knows he has been robbed of a lot of money but does not know exactly how much he lost or who got away with the swag."

Swag in this instance may be translated, "enormous profits."

And now let us see who "got away with it."

First is before 1916 figures and second is last year's figures.

DO IT NOW

Maysville People Should Not Wait Until It Is Too Late.

The appalling death-rate from kidney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms often give place to chronic disorders and the sufferer may slip gradually into some serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells, if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they act where others fail. Over one hundred thousand people have recommended them.

Here is one of many cases in this vicinity.

Jas. M. Newton, Gum, St., Aberdeen, Ohio, says: "I have used Doan's Kidney Pills off and on for several years and have been greatly benefited. Whenever my back has been weak or when my kidneys have been too frequent in action, I have used a box or so of Doan's Kidney Pills, which I get at Wood & Son's Drug Store. They have always relieved me in a short time."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Newton had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Cuban-Am. Sugar Co. \$409,988; \$4,227,202.

Am. Sugar Ref. Co. \$5,751,688; \$9,434,375.

And many insular profits are even higher in 1918!

Why Central Can Not Answer Questions

The duty of the switchboard operator is to answer your number calls and get connections for you.

If she stopped to answer questions, the number of calls would pile up and the service would be delayed; this would be an injustice to the other subscribers.

When in response to a question, the operator says: "I will give you Chief Operator," she is obeying her instruction.

If you cannot find what you want in the telephone directory, ask the operator for "Chief Operator" and she will connect you with the "Chief Operator" where your questions will be promptly answered.

State Has More Cows

Kentucky has more cows and produces more dairy products than she did a few years ago. The records at the Experiment Station show that three hundred and sixty persons have taken out licenses to test milk and cream at skimming and receiving stations scattered over the State.

The cross roads oracle says: When you see a little Jap an' a big Yank together just recollect that in America folks have lots of milk, butter an' eggs, see?

The cross roads oracle says: Save an' use every bit of manure produced on the farm. It's the best fertilizer an' the cheapest.

Meeting Are Successes

Farmers' Community Meetings were held at Maysville, Flemingsburg and Toleboro the week of the 11th of this month. Good crowds of thoroughly interested people are reported from all points. During the remainder of the season meetings will be held in the western portion of the State. Meetings are already scheduled for Davless, Brockinridge, Meade, Union, Webster and Crittenden counties the week of the eighteenth.

They Pick Winners

Thirty-five counties have already had numerous demonstrations of culling the farm flock of hens. Several experts have been in the field since the middle of July showing a simple method of selecting the hen worth keeping for egg production. This campaign for better hens and more eggs will not be finished until about the first of November.

BIG DANCE CON. TEST TO BE HELD

Good music, coupled with an excellent crowd, made the Chautauqua Committee's Dance at Beechwood last night, one of the most successful of the season. Such widespread interest was shown that the committee has decided to hold a dancing contest at their next dance on Wednesday evening. Everybody in Maysville and adjacent counties is invited to enter this contest in order that the best dancers in this vicinity may be decided upon. These will be selected after careful consideration in regard to time, grace and general appearance on the floor. The contestants will have ample opportunity to show their skill, since the judges, have divided the contest in three parts; a waltz, a foxtrot and a one-step.

Suitable prizes have been offered and the committee have selected three judges who will represent the entire town, thus assuring every participant a fair and equal chance to win.

A large crowd of onlookers is expected and much interest has been aroused among the young people. Good music, good floor, and a jolly good time for everyone is promised. Come out and see the fun.

"ITS EASY IF YOU KNOW HOW" SAYS MABEL

A perfect 36 is easy, if you know how, says Mabel Normand. Mabel Normand's "Perfect 36" causes Sol Manheimer, a shirtwaist manufacturer, to put her on the road as a drummer. Mabel registers a big hit with the costumers. Her figure is her fortune. Mabel goes in swimming and the whole blamed town turns out to see her "perfect 36". When Mabel dives and dips, there's "big doings" on the beach. See "A Perfect 36" at the Pastime tomorrow.

NED PIPER'S FUNERAL
WEDNESDAY AFTERNOON

The funeral of Edward N. Piper will be held from the home in East Second street at 4 o'clock Wednesday afternoon under the auspices of the Ringgold Lodge of Odd Fellows, of which Mr. Piper was an honored member. Services will be by Rev. A. F. Stahl, of the Christian Church and burial will be in the Maysville Cemetery.

Mrs. Scott Stevenson and daughter, Miss Scottie, motored to Lexington to be the guest of the former's sister, Mrs. George Wood.

The Maysville Barbers' Union held a very interesting meeting at Union Hall in the Masonic Temple Monday evening.

Mr. L. F. Zerfoss, of Lexington, district Y. M. C. A. Secretary, is in Maysville today on business.

MAYSVILLE ORATORS TO SPEAK AT CAMPMEETING

Big Red Cross Celebration at Famous Old Mower Park Camp Next Sunday — Boys' Band Will Furnish Music.

Next Sunday will be the one big day at the famous old Mower Park Campmeeting in Lewis county about 10 miles East of Maysville. This campmeeting has been in progress for the past two weeks. Large crowds have been attending and there has been much interest displayed and much good accomplished.

Last Sunday was a big day with two of the most prominent lawyers of Lewis county as the chief speakers at a great Fraternal Organization celebration. Next Sunday, which is the last Sunday of the meeting will be Red Cross day and the chief speakers will be Hon. C. D. Newell and Hon. Stanley F. Reed, of Maysville, both orators of more than local reputation. The Maysville Boys' Band will play a concert during the day and Mr. Geo. H. Frank, of Maysville, will be chairman of the celebration. All Red Cross chapters in Lewis county will be represented.

Rev. W. H. Morris, pastor of the Forest Avenue M. E. Church, who is manager of the campmeeting, was in Maysville Tuesday and reported that arrangements were being made for the biggest day on next Sunday that the campmeeting has ever experienced.

GOV. BLACK BACK ON THE JOB

Frankfort, Ky., August 19.—Governor Black is back on the job, having returned from a ten days' vacation at French Lick. Shortly after his arrival at the executive office, he received a check from the Federal Government for \$30,000 for the Kentucky School for Girls, just established at Pine Bluff, Shelby county. This money it is understood, is for the erection of a new dormitory.

Buy in Maysville. It pays.

KENTUCKY MANUFACTURERS OPPOSED TO PLUMB R. R. PLAN

Two Maysville Manufacturers Members of Directors Who Prepare Memorial Against Proposed Railroad System.

Louisville, Ky., August 19.—Citizens of the State are asked to join in an appeal to Kentucky's representatives in Congress to consider the rights of the whole people against the demands of any class seeking special privileges in a memorial of protest against the Plumb Plan for the nationalization of the railroads made public last night at the office of the Kentucky Manufacturers Association. The memorial has been forwarded to Senators Beckham and Stanley and to the Representatives from Kentucky. It was prepared by the directors of the Association and is in full as follows:

"Accepting the invitation issued by the Railroad Brotherhoods and the American Federation of Labor in a formal statement issued August 4, asking the public to scrutinize their plan to nationalize the railroads of the country, the undersigned directors of the Kentucky Manufacturers Association now declare that, after careful and earnest deliberation, we are conclusively opposed to such plan, and that furthermore we respectfully and earnestly urge the Congress of the United States to immediately return the railroads to their owners.

"We are of the opinion that the plan outlined by said Brotherhoods and said American Federation of Labor, whereby the American people would be subjected to an additional debt of twenty billions of dollars and the railroads would be turned over to the tripartite control of the public, operating management and the employees, presents a menace so grave to the welfare of the Nation that it deserves universal condemnation, both because of the fallacy of its logic and because of the arrogance and menacing spirit accompanying its presentation.

"We believe that the nationalization of the railroads would not only add to their inefficiency and the cost of their operation, but that it would be followed by the nationalization of all other industries, with the result that America, a land of freedom and individual initiative, would promptly displace Russia as the world's most hideous example of the rule of anarchy and chaos.

"We call upon all citizens of the State, including the members of those Brotherhoods whose leaders have issued demands that the system of production in industry be overhauled, to analyze carefully the un-American proposals of such leaders, and then to sustain and encourage Kentucky's representatives in the House and the Senate in unflinching opposition to any and all legislation tending to shift control of the Government or any agency thereof into the hands of any special class or classes of our citizens.

"Especially do we ask our fellow citizens to unite with us in an appeal to Kentucky's representatives in Congress—remembering as we must, the acts of coercion resulting in the passage of the Adamson bill in 1916—to consider always in their deliberations the rights of the whole people against the demands of any class which seeks special privilege with such a declaration as it is in no mood to brook the return of the lines to their former control and openly announcing its intention of raising in one month a fund of \$2,500,000 with which to conduct its propaganda."

Some of the most prominent manufacturers of the State participated in the preparation of the memorial, among the directors whose names are attached to it being the following:

Philip S. Tulley, president of the Association, Louisville; J. Robert Kelley, Covington; L. R. Putnam and W. W. Stearns, Ashland; F. P. Toof, Paducah; R. A. Cochran and S. P. Browning, Maysville; S. R. Ewing, Jr., Owensboro; James R. Rankin, Henderson; H. J. Wright, Mayfield; S. Schuerman, Carrollton; Theodore Ahrens, Milburn P. Kelley, R. V. Board and Alfred Struck, Louisville.

HISTORIC COLORS GIVEN

STATE BY KENTUCKY UNIT
Frankfort, Ky., August 19.—The colors of the 516th Engineers, made up of Kentucky enlisted men, the first Kentucky unit to go overseas, was presented to the State of Kentucky today by Herman Holland, clerk in the insurance department, who was a member of the unit. Holland made the presentation on behalf of his commanding officer, Major A. B. Bissack. The colors, which were accepted by Governor Black for the state, probably will go to the Kentucky Historical Society.

BABY DIXON

Mr. and Mrs. Roy Dixon of East Fourth street are rejoicing over the arrival of an eleven pound son born Saturday at 10:30 p. m. Mother and babe are doing nicely.

U. S. FLIERS ARE FREED UPON PAYMENT OF RANSOM

Holding of U. S. Aviators For Ransom By Mexicans Is Expected to Bring Statement of New Policy By United States.

El Paso, Texas, August 19.—Lieutenants H. G. Peterson and Paul H. Davis, set free by Mexican bandits on payment of \$15,000 ransom, arrived on the American side of the border early today according to reports from Marfa, Texas.

Captain Matlack of the Eighth U. S. Cavalry carried the ransom money to the bandit camp, returning with Davis, while Peterson preceded them. The ransom money, raised by private subscription in the vicinity of Marfa, reached Candelaria, Texas, opposite the bandit hiding place, last night. Captain Matlack, in charge of a small squad of cavalrymen escorting F. M. Fennell of the Marfa National Bank, was selected to carry the ransom across the border. Signal lights had been agreed upon. Matlack crossed alone.

The aviators' story of their experiences since crashing down during a patrol flight August 10 is expected to bear out the belief that they were taken prisoners by a roving Mexican band on the American side of the Big Bend District. Messages from both men said they were uninjured.

The donors of the ransom money will be reimbursed by the United States government, according to word here from Maj. Gen. Joseph Dickman, commanding the Southern Department.

Washington, August 19.—Interest in the Mexican situation growing out of kidnapping of two United States army aviators by bandits centered about a promised development from the War Department today.

Newton D. Baker, secretary of war, has promised to issue a statement, "as soon as it is safe to do so."

Just what Baker meant by this was a subject of speculation. In some quarters it led to expectation of the statement as soon as the aviators were back on American soil.

The State Department was awaiting a reply from Carranza on its note demanding "immediate adequate action."

On the reply to this note may hinge the future action of this country toward Carranza and the present Mexican regime.

Following announcement of dispatch of the note yesterday, the State Department received word that A. Goenaga, a Porto Rican doctor, was being held for ransom near Mexico City. Word also was received in the department of robberies by Mexican bandits of employees of American firms in Mexico.

SUIT BROUGHT TO SETTLE ESTATE

Suit was brought Tuesday in the Mason Circuit Court by Mrs. Nannie Rosser as administratrix of the estate of Samuel Rosser, et al., against Walter Rosser, et al., in which a sale of certain land in the county is asked for the settlement of the estate of the late Samuel Rosser.

NOTICE ODD FELLOWS

Regular weekly meeting of DeKalb Lodge No. 12 I. O. O. F. will be held this evening at 7:30 o'clock at the hall in Second street. Members are urged to attend and visiting brothers are welcome.

GEORGE B. CLEPHANE, N. G.
John W. Thompson, Secretary.

Mr. Dewees Outten, of New York City, former local printer, is spending a few days here with relatives and friends.

GREAT FOR EMERGENCIES

San Cura Ointment Should Be In Every Home.

There never was known a more reliable ointment than San Cura. In most every case where it has been used it has created astonishment. It drew a needle out of the foot of the daughter of Mrs. James Hitchcock, of Centreville, Pa., after the doctor had used his lance and failed.

It has great healing and antiseptic value. It possesses so much healing virtue that it is guaranteed by J. Jas. Wood & Son to relieve any kind of piles, eczema, tetter, salt rheum, boils, carbuncles, ulcers, all kinds of chronic sores, chilblains, and chapped hands, or money back.

It's a mighty handy remedy to have in the house in emergencies for bruises, burns, cuts or scalds, because it relieves the pain and is antiseptic and healing. It's a medicine chest in itself—a little family physician that is ever in demand. 30c, 60c and \$1.20 a jar at J. Jas. Wood & Son.

BEST SKIN SOAP

Is San Cura Soap, because of its great antiseptic and healing virtues. Use it regularly, and it will make the skin soft and velvety; will remove pimples and blackheads. It's the real soap for babies' tender skin, which mothers of infants should remember. 25 cents a cake at J. Jas. Wood & Son.

If your druggist does not have it send to Thompson Medical Co., Titusville, Pa.

SHAFFER-RUGGLES

Michael Washington Ruggles, aged 22, and Miss Janie M. Shafer, aged 21, both of Manchester, Ohio, were married in the Mason County Clerk's office Tuesday morning by Acting County Judge Fred Dresel.
